

Minor Report Correction & Pathogen Add-On Test Order Form

I, request that the following information be corrected and/or tests (listed below) be added to the previously submitted sample. This is to serve as a correction and/or as an addendum to the originally submitted requisition and to each of the previous test orders originally submitted.

Patient Name (as it appears on the final report):

Patient DOB (as it appears on the final report):

Sample/Lab ID/Order Number:

Please update the following tests to this sample*: Add-On Replace Delete *required

Orders must be specifically listed either by compound, pathogen, or specific gene you wish to have added. If you need additional room, please submit a corrected requisition

**Signature of the ordering provider is REQUIRED for updating test orders
